

Lenswood & Forest Range Community Association Inc

General meeting

Wednesday 25th Sep 2019 7.30pm

FOREST RANGE HALL

COMMUNITY BANK

A member of the Steering Committee for the Lobethal and Districts Community Banking project will address the meeting. This is a project to establish a community bank owned and run by the community. All banking services will be provided by the Bendigo Bank, so in a sense it is an agency (but it is not). It would keep money in the area, and half profits go to community projects via a means such as grants. It needs sufficient numbers of people to show interest in the beginning for it to be worth establishing.
